

### Hurricane Sally Update - #19

Happy Monday morning Owners. Here are this week's updates:

- A/C replacement continued this week.
- Roof proposals are finalized and will be submitted to the Board for approval next week.
- CRM began walking units this week and creating a final construction scope for submitting the proposal. They will be reaching out to owners about their individual units as early as December 18.
- As of Thursday, the Fire Marshall confirmed that the fire systems are all green and up and running. McCoy Fire will be back Monday to continue annual testing and making sure there are no other issues such as extinguishers etc.
- The A Building design is underway. C-Sharpe will begin repairs once finalized.
- Secure Vision has been working on cameras this week.
- Pressure washing all balconies began this week.
- Green Electric has been working on some electrical issues
- The walkways are being cleaned with the Tomcat
- Pressure washing the front of the buildings and the courtyard walkways is underway.
- The garage door for the refuse room is being quoted for replacement

The Board and Resort Management thank you for your patience through this challenge. Together we will come back and be better than before Hurricane Sally!

Sincerely,

Resort Management
