Palm Beach Resort Hurricane Sally Update

Thank you all for attending the Build Back Owner Questions & Answers session held on Saturday, February 6th, 2021. Enclosed in this week's hurricane sally update is the Build Back – Condominium Owner Presentation that was displayed during our Saturday, February 6th session, as well as, follow up notes with answers to your valuable questions. To view the presentation, click [here](#). For follow up notes, click [here](#).

- Owners are reminded not to purchase replacements, order replacements, or send contractors at this time until you have discussed your renovation plans with Steve F. at CRM and the COA board.
- Owners, please when visiting, remember that in many units, the water is turned off and/or capped so please refrain from trying to use the restrooms and sinks. Using the restroom in your unit while visiting can result in unsanitary conditions.
- Any owners bringing animals on property must always maintain control of their animals. Please do not let animals roam freely on grounds or inside units that were damaged.
- Please keep in mind that parking and access to certain areas of the property may be impacted by construction during your visit.

The Board and Resort Management thank you for your patience through this challenge. Together we will come back and be better than before Hurricane Sally!

Sincerely,

Resort Management
